### **DGme support document**

#### General information/Problem statement

- User log in issue, this issue can be a result of several sources.
  1. Lawson username misspelled/not updated
  2. User is attempting to sign in with EID instead of network credentials
  3. Users account is not configured properly in workvivo
- 1. **Lawson username misspelled/not updated**
  - o User is reporting that they are unable to access DGMe. This can include missing links they should have access to, or not being able to log in at all. They have mentioned that their username was recently changed, and is experiencing the issue after this change. This tells me immediately that their Lawson username is likely not updated in the lawson DB.
  - o To verify this, I checked the users information in Admin console (<https://lwa.dolgen.net/resourcelookup/web/adminpage.aspx>) :

Employee Lookup   Store Lookup

Employee: 2137776   Lookup

Employee ID: 2137776  
 First Name: Cheyanne (Nickname: Cheyanne)  
 Last Name: Swindler  
 Job Title: WAREHOUSE SUPERVISOR II  
 Employee Type: DC  
 DOB: 3/9/1996  
 Email: N/A  
 Telephone: N/A  
 Lync Status: Not set up

PHOTO NOT AVAILABLE

Employment Info   AD Groups   DGMe Groups

Job Code: 801   AD Username: N/A  
 Job Class: S   Lawson Username: chimelri  
 Process Level: DCOK   Division: 0  
 Location Code: DCOK   Region: 0  
 Employment Status: AF   District: 0  
 Hire Date: 10/19/2017   Department (store #): 96300

- o the users lawson username here: "chimelri" does not match that in the ticket "cswindle"
- o Now, we need to contact the correct HR managers to have this information changed.
- o Because the user is a **DC employee**, we would need to contact the correct DC HR admins to resolve this. HR Contact for Fleet is Jessica Young [jyoung@dollargeneral.com](mailto:jyoung@dollargeneral.com) or Savannah Sharp [ssharp@dollargeneral.com](mailto:ssharp@dollargeneral.com), contact for SCC or field employees is Shearon Ingram [singram@dollargeneral.com](mailto:singram@dollargeneral.com) and Nikki Rupright [nrupright@dollargeneral.com](mailto:nrupright@dollargeneral.com)

- user is part of DC 96300. go to DGE (<https://dge2.dolgen.net/>), and click on the **DC CONTACT GUIDE**
- Open the excel sheet that is downloaded and find the corresponding DC "96300"
- scroll down, and you'll find the row for "HR admin assistant"
- these are the contacts for this DC
- from here, I emailed these three DC HR contacts with the users current Lawson username, and what it should be, along with their EID.
- Sometimes, a users AD username will be deprovisioned.

Employee: 320601

Employee ID: 320601  
First Name: Cynthia (Nickname: Cindy)  
Last Name: Wilkinson  
Job Title: RETAIL DISTRICT MANAGER  
Employee Type: DM  
DOB: 8/15/1971  
Email: N/A  
Telephone: N/A  
Lync Status: Not set up

Employment Info | AD Groups | DGMe Groups

Job Code: 843  
Job Class: RDM  
Process Level: ADGEN  
Location Code: FIELD  
Employment Status: AF  
Hire Date: 3/13/2012

AD Username: N/A  
Lawson Username: cwilkins  
Division: 4  
Region: 88  
District: 14  
Department (store #): 90014

- This image is similar to the screenshot with a misspelled lawson username, however this users lawson username is spelled correctly, verified through their email/information in the ticket. It is important to check this. This users AD username has been deprovisioned which is limiting their access to certain applications. The ticket that was created was sent to the access management team to have their AD account re-enabled.

## 2. User is attempting to sign in with EID instead of network credentials

- Users can be either EID based, or Network based. If a user is EID based (ex. Store employees) they will sign in with their EID as their username. If the user has network credentials, they must sign in using their network id (ex. Pwen). Users will receive an error if they try signing in with improper credentials. This can be verified by checking the user log in support: <https://ssosupport.dolgen.net/>
- Details of a users login attempts and SSO activity will show up here, providing a description of the error they are facing.

## 3. Users account is not configured properly in workvivo

- If the users account is in good standing, and does not have any access related issues, there is a chance that their account is not configured properly in workvivo. This can only be checked by DGSME (Matt Payne) and an email will have to be sent to him with the affected users EID. Only contact DGSME once all other checkpoints are completed.

## Additional Information:

- To determine if a user is a Fleet, DC, or SCC/FIELD employees, follow the below steps
  - FIELD/SCC employee: listed in the location code

Employee: jyoung

Employee ID: 1406682

- Fleet employees: follow the below instructions from Lauren

Lauren Riddle 4/3/23 3:41 PM

If they are fleet, when you click the info button beside their name, it will say Fleet at the beginning of their job title. Also, if you put their name in an email and then click to expand their info, it will say fleet in front of the job title there as well.

Same thing if you check them in the SSO support page. Should say fleet in the job title

## Server Details

- Server Name: [Enter server name]
  - DB for websso: IP-SQL-632\INS1
  - Table: employeeMaster/SSOactivity
    - These tables include important employee details that will help in troubleshooting issues

## Reference Documentation

- Wiki or Document Link: [Insert link to documentation]
  - WebSupport Wiki: [webappstest.dolgen.net/websupport/#/wiki](https://webappstest.dolgen.net/websupport/#/wiki)
    - DGSME has a repository of DgMe issues with potential solutions

## Contacts Information

- DGSME for DgMe/WebSSO
  - Primary: Matt Payne
  - Secondary: Lauren Riddle

## Special Instructions

- Check the WebSSO database before contacting DGSME, run through all documentation in the websupport wiki as well.
